INDEPENDENT AUDITOR'S REPORT

Board of Trustees
St. Charles Public Library District
St. Charles, Illinois

Opinions

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the St. Charles Public Library District, as of and for the year ended June 30, 2025, and the related notes to the financial statements, which collectively comprise the St. Charles Public Library District's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the St. Charles Public Library District as of June 30, 2025, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the St. Charles Public Library District, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the St. Charles Public Library District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the St. Charles Public Library District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the St. Charles Public Library District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, and other required supplementary information, as listed in the table of contents, be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context.

Costabile & Steffens P.C. Certified Public Accountants

Board of Trustees
St. Charles Public Library District
St. Charles, Illinois

We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the St. Charles Public Library District's basic financial statements. The combined nonmajor fund financial statements and individual nonmajor fund financial statements are presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Information

Management is responsible for the other information included in the annual report. The other information comprises the Property Tax Assessed Valuations, Rates, Extensions and Collections but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

St. Charles Public Library District
MANAGEMENT'S DISCUSSION & ANALYSIS
June 30, 2025

As the management of the St. Charles Public Library District (the “District”), we offer readers of the District’s financial statements this narrative overview and analysis of the financial activities of the District for the fiscal year ended June 30, 2025. We encourage readers to consider the information presented here in conjunction with additional information that we have furnished in the District’s Financial Statements (beginning on page 14).

This discussion and analysis is designed to (1) assist the reader in focusing on significant financial issues, (2) provide an overview of the District’s financial activity, (3) identify changes in the District’s financial position (its ability to address the next and subsequent year challenges), (4) identify any material deviations from the financial plan (the approved budget), and (5) identify individual fund issues or concerns.

Using the Financial Section of this Annual Report

Government-Wide Financial Statements

The government-wide financial statements are designed to provide readers with a broad overview of the District’s finances, in a manner similar to a private-sector business. The focus of the Statement of Net Position presents information on all of the District’s assets, deferred outflows of resources, liabilities, and deferred inflows of resources with the difference reported as net position. This statement combines and consolidates the governmental fund’s current financial resources (short-term spendable resources) with capital assets and long-term obligations using the accrual basis of accounting and economic resources measurement focus. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the District is improving or deteriorating.

The Statement of Activities presents information showing how the District’s net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of the cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., earned but unused compensated absences).

The government-wide financial statements (see pages 14-15) describe functions of the District that are principally supported by taxes and intergovernmental revenues (governmental activities). The governmental activities of the District reflect the District’s basic services, including materials (print and digital) collections, reference and reader services, programming, interlibrary loan, and outreach services.

St. Charles Public Library District
MANAGEMENT'S DISCUSSION & ANALYSIS
June 30, 2025

Fund Financial Statements

The focus of this section represents the District's major funds. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The District, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the District are in one category: governmental funds.

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The District maintains seven individual governmental funds. Information is presented separately in the governmental fund balance sheet and statement of revenues, expenditures, and changes in fund balances for the General Fund, Special Reserve Fund and Illinois Municipal Retirement and Social Security Fund which are considered "major" funds. Data from the other four governmental funds are combined into a single, aggregate presentation. Individual fund data for each of these non-major governmental funds is provided in the form of combining statements elsewhere in this report.

The District adopts an annual budget for each of its governmental funds. A budgetary comparison statement has been provided elsewhere in this report to demonstrate compliance with the budget. The basic governmental fund financial statements are on pages 14 through 19 of this report.

Notes to Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements are on pages 20 through 43 of this report.

St. Charles Public Library District
MANAGEMENT'S DISCUSSION & ANALYSIS
June 30, 2025

Other Information

In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information concerning the District's progress in funding its obligation to provide benefits to its employees. Required supplementary information can be found on pages 44 through 49 of this report.

The Government Accounting Standards Board (GASB) Statement Number 75 requires the District to recognize the liability, deferred inflows and outflows of resources, and expenditures related to post-employment benefits. This would include both the explicit and implicit cost of providing post-employment benefits to former employees. This information and related footnote can be found on pages 48.

The combined statements referred to earlier in connection with nonmajor governmental funds are presented immediately following the required supplementary information. Combining and individual fund statements and schedules are on pages 55 – 60 of this report.

The other information is presented immediately after the supplementary information. Property tax assessed valuations, ratios, extensions and collects are presented for the last ten years on page 61.

Financial Analysis

Net position may serve, over time, as a useful indicator of a government's financial position. The Library's assets/deferred outflows exceeded liabilities/deferred inflows of resources by \$21,474,579 as of the close of the year. Of the net position balance, \$20,420,442 is invested in capital assets, net of related debt and \$991,710 is restricted. The unrestricted net position is a balance of \$62,427.

St. Charles Public Library District
MANAGEMENT'S DISCUSSION & ANALYSIS
June 30, 2025

Statement of Net Position: The following table reflects the condensed statement of net position.

	2025	2024
Assets		
Current and other assets	\$ 13,287,766	\$ 12,405,199

Public programs, printing	0.62%	1.44%

* This includes salaries, Health, FICA and IMRF

** Includes building insurance, audit, postage, professional and administrative fees, contractual services, etc.

This table reflects expenses for all governmental activities on the accrual basis of accounting.

Impacts on Revenue and Expenses

Revenues

Overall, total revenue from all sources was up 5.8% this year, which is primarily a result of an increase in property taxes.

Changing Patterns in Intergovernmental and Grant Revenue (both recurring and non-recurring).

Certain recurring revenues (dividends from unemployment compensation insurance pool, replacement taxes, etc.) may experience significant changes periodically while non-recurring or one-time grants are less predictable and often distort their impact on year-to-year comparisons. The Library continues its tax-exempt status for the vacant lots. All of the lots owned by the District are tax-exempt beginning June 1, 2019.

St. Charles Public Library District
MANAGEMENT'S DISCUSSION & ANALYSIS
June 30, 2025

Market Impacts on Investment Income.

The District's investment portfolio is managed using an average maturity similar to most other governments. Market conditions may cause investment income to fluctuate. Since FY 2010, all Library investments continue to be in PFM's IIIT Money Market Fund and also in its nation-wide CDs. In 2016, investment income was up over 100% compared to 2015-2016 due to a change in investment strategy. We continued to see the benefit to

Expenses

Introductions of New Programs.

Within functional expense categories, individual programs may be added or deleted in order to meet the changing needs of the District.

Changes in Authorized Personnel.

Changes in service demand may cause the District to increase or decrease staffing levels. Personnel costs are the District's most significant operating costs.

Salary Increases.

In August of 2021, the Library was notified that AFSCME Union Council 31 submitted a Majority Interest Petition to the Labor Relations Board, seeking certification as the exclusive representative for certain professional and non-professional library positions. AFSCME was certified as the exclusive representative for the Library's bargaining unit. The Library and AFSCME signed their first CBA in October 2023. IMRF rates were 11.45% in 2024 and 11.50% in 2025. Social Security rates remained unchanged from 2024 at a tax rate 6.2%.

Inflation.

Inflation continues to be high; some of the District's functions and services are still experiencing unusual commodity specific increases. The Library has tried to mitigate this increase as much as possible.

Financial Analysis of the District's Funds

As noted earlier, the St. Charles Public Library District uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. As of June 30, 2025, the governmental funds (as presented on the balance sheet on page 16) had a combined fund balance of \$3,418,802. In June 2025, it is the goal of the Library, as directed by the Library Board, to have between three to six months of operating expenses in the Special Reserve Fund for capital emergencies.

St. Charles Public Library District
MANAGEMENT'S DISCUSSION & ANALYSIS
June 30, 2025

General Fund Budgetary Highlights for the Fiscal Year Ended June 30, 2025

	Actual	Original and Final Budget
Revenues		
Property Taxes	\$ 7,878,420	\$ 7,874,450
Replacement Taxes	43,285	45,000
Intergovernmental	82,995	82,995
Fines and Forfeits	18,003	15,000
Reimbursements	42,531	43,750
Investment Earnings	291,576	125,000
Other	243,112	173,845
Total Revenues	<u>8,599,922</u>	<u>8,360,040</u>
Expenditures		
General Government	7,556,810	7,883,020
Debt Service	499,450	499,450
Capital Outlay	31,047	24,575
Per Capita Grant	74,629	82,995
Total Expenses	<u>8,161,936</u>	<u>8,490,040</u>
Revenues and expenditures before other financing sources	437,986	(130,000)
Other Financing uses - Transfer Out	(567,986)	-
Decrease in Fund Balance	<u>\$ (130,000)</u>	<u>\$ (130,000)</u>

General fund expenditures for fiscal 2025 were under budget. Administration continues to work closely with the management team to re-allocate expenses as needed.

All major projects were completed by the District. The Special Reserve Fund is funded by the general fund balance at year-end.

St. Charles Public Library District
MANAGEMENT'S DISCUSSION & ANALYSIS
June 30, 2025

Capital Assets

The following is a summary of capital assets as of June 30, 2025, and 2024:

	2025	2024
Land	\$ 3,687,602	\$ 3,687,602
Building and Improvements	24,450,317	24,378,862
Furniture and Equipment	2,794,733	2,781,578
Cost of Capital Assets	<u>30,932,652</u>	<u>30,848,042</u>
Less Accumulated Depreciation	<u>7,711,730</u>	<u>7,045,604</u>
Net Capital Assets	<u><u>\$ 23,220,922</u></u>	<u><u>\$ 23,802,438</u></u>

At year-end, the District's capital assets (net of accumulated depreciation) for its governmental-type activities were \$23,220,922 (down 2.4% from \$23,802,438 in 2024). The main reason for this decrease is current year depreciation expense outpacing current year additions. See Note 3 on page 30 for further information regarding capital assets.

Long-Term Debt

The following is a summary of long-term debt as of June 30, 2024, and 2025:

	Balance at July 1, 2024	Increases	Decreases	Balance at June 30, 2025
Net Pension Liability - IMRF	\$ 2,998,448	\$ 19,952	\$ -	\$ 3,018,400
Net OPEB Liability	102,240	4,243	-	106,483
Debt Certificate	3,075,000	-	(390,000)	2,685,000
Premium on Debt Certificate	134,727		(19,247)	115,480
Compensated Absences	209,364	271,670	(209,364)	271,670
Total	<u><u>\$ 6,519,779</u></u>	<u><u>\$ 295,865</u></u>	<u><u>\$ (618,611)</u></u>	<u><u>\$ 6,197,033</u></u>

See Notes 5 and 6 starting on page 31 for similar information regarding long-term debt.

See Note 10 starting on page 33 for more information on the District's participation in IMRF and the related net pension liability that is required to be reported per GASB Statement No. 68.

St. Charles Public Library District
MANAGEMENT'S DISCUSSION & ANALYSIS
June 30, 2025

See Note 11 starting on page 39 for more information on the District's net OPEB liability that is required to be reported per GASB Statement No. 75.

Requests for Information

This financial report is designed to provide our citizens with a general overview of the District's finances and to demonstrate accountability for the money it receives. Questions concerning this report or requests for additional financial information should be directed to Mary Katherine Merritt, Finance Manager, St. Charles Public Library District, One South Sixth Avenue, St. Charles, Illinois, 60174.

St. Charles Public Library District

NOTES TO FINANCIAL STATEMENTS

June 30, 2025

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the St. Charles Public Library District (the District) have been prepared in conformity with U.S. generally accepted accounting principles as applied to government units (hereinafter referred to as generally accepted accounting principles (GAAP)). The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the District's accounting policies are described below.

A. Reporting Entity

The District is a body corporate and politic established under Illinois Compiled Statutes (ILCS) governed by an elected Board of Trustees. These financial statements present the District's reporting entity as required by GAAP. The District is considered to be a primary government since its board is separately elected and the District is fiscally independent.

Based on the criteria of GASB Statement No 61, The Financial Reporting Entity: Omnibus - an amendment of GASB Statements No. 14 and No. 34, the District does not have any component units. The Library District Foundation and the Friends of the Library, while potential component units, are not significant to the District and, therefore, have been excluded from its reporting entity.

B. Basis of Presentation

The District's basic financial statements consist of government-wide statements, including a Statement of Net Position and a Statement of Activities, and fund financial statements which provide a more detailed level of financial information.

C. Government-Wide Financial Statements

The government-wide financial statements (i.e., the Statement of Net Position and the Statement of Activities) report information on all of the non-fiduciary activities of the primary government. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support. The District has no business-type activities for which separate accounting is required. Likewise, the District, as the primary government, is reported separately from certain legally separate component units for which the primary government is financially accountable.

St. Charles Public Library District

NOTES TO FINANCIAL STATEMENTS

June 30, 2025

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

C. Government-Wide Financial Statements (Continued)

The Statement of Activities demonstrates the degree to which the direct expenses of a given function or segment is offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

D. Fund Financial Statements

The Governmental Funds Balance Sheet and Governmental Funds Statement of Revenues, Expenditures, and Changes in Fund Balances combine information about the reporting government as a whole and funds statements to report its financial position and the results of its operations. Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions related to certain District functions or activities.

E. Measurement Focus

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the District considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Property taxes are recognized in the year for which they are levied (i.e., intended to finance). Replacement taxes and interest associated with the current fiscal period are all considered to be susceptible to accrual and are recognized as the revenues of the current fiscal period. All other revenue items are considered to be measurable and available only when cash is received by the District.

St. Charles Public Library District

NOTES TO FINANCIAL STATEMENTS

June 30, 2025

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

E. Measurement Focus (Continued)

The District reports deferred/unavailable revenue and unearned revenue on its financial statements. Deferred/unavailable revenues arise when a potential revenue does not meet both the measurable and available or earned criteria for recognition in the current period. Unearned revenues arise when resources are received by the District before it has a legal claim to them, as when grant monies are received prior to the incurrence of qualifying expenditures. In subsequent periods, when both revenue recognition criteria are met, or when the District has a legal claim to the resources, the deferred inflow for deferred or unavailable revenue or the liability for unearned revenue is removed from the financial statements and revenue is recognized.

F. Governmental Funds

The District reports the following governmental funds:

General Fund – This fund is established to account for resources devoted to financing the general services that the District performs for its citizens. General tax revenues and other sources of revenue used to finance the fundamental operations of the District are included in this fund. The fund is charged with all costs of operating the government for which a separate fund has not been established.

Special Revenue Funds – These funds are established to account for the proceeds of specific revenue sources (other than special assessments, expendable trusts, or major capital project) that are legally restricted to expenditures for specified purposes or have been committed by the Board of Trustees by formal action. Special revenue funds of the District include the Illinois Municipal Retirement Fund and Social Security Fund, Audit Fund, Gifts and Special Trustee Fund, and Liability Insurance Fund. The Illinois Municipal Retirement Fund and Social Security Fund is the major fund which is used to account for the retirement obligations of the District. The Audit Fund, Gifts and Special Trustee Fund, and Liability Insurance Fund are non-major funds.

Capital Fund – These funds are used to account for the accumulation of resources for the acquisition of major capital facilities. The Special Reserve Fund is a major fund and the Building and Equipment Fund is a non-major fund.

Major and Nonmajor Funds

An emphasis is placed on major funds within the governmental and proprietary categories. A fund is considered major if it is the primary operating fund of the District, is considered by the District to be major, or meets the following criteria:

St. Charles Public Library District

NOTES TO FINANCIAL STATEMENTS

June 30, 2025

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

F. Governmental Funds (Continued)

- 1) Total assets, liabilities, revenues, or expenditures of that individual governmental or proprietary fund are at least ten percent of the corresponding total for all funds of that category or type; and
- 2) Total assets, liabilities, revenues, or expenditures of the individual governmental or proprietary fund are at least five percent of the corresponding total for all governmental and proprietary funds combined.

The District has classified the General Fund, Special Reserve Fund and Illinois Municipal Retirement and Social Security Fund as major.

Net Position / Fund Balance Reporting

For the Government-Wide Financial Statements, net positions are reported as follows:

Net investment in capital assets – Consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes or other borrowings that are attributable to the acquisition, construction, or improvement of those assets less any unspent debt proceeds.

Restricted Net Position – Consists of net positions with constraints placed on their use either by 1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments or, 2) law through constitutional provisions or enabling legislation.

Unrestricted net position – Consists of all other net positions that do not meet the definition of “restricted” or “net investment in capital assets.”

When both restricted and unrestricted resources are available for use, it is the District’s policy to use restricted resources first, and then unrestricted resources as they are needed.

Governmental Fund Balances

Governmental fund balances are to be classified into five major classifications; Nonspendable, Restricted, Committed, Assigned and Unassigned:

St. Charles Public Library District

NOTES TO FINANCIAL STATEMENTS

June 30, 2025

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

F. Governmental Funds (Continued)

Nonspendable – The Nonspendable fund balance classification includes amounts that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained intact. The “not in spendable form” criterion includes items that are not expected to be converted to cash, for example inventories and prepaid amounts.

Restricted – Restricted fund balances are restricted when constraints are placed on their use by either (a) external creditors, grantors, contributors, or laws or regulations of other governments or (b) law through constitutional provisions or enabling legislation.

Committed – Committed fund balances are amounts that can only be used for specific purposes as a result of constraints of the Board of Trustees. Committed amounts cannot be used for any other purpose unless the Board of Trustees removes those constraints by taking the same type of action (e.g., legislation, resolution, ordinance).

Committed fund balances differ from restricted balances because the constraints on their use do not come from outside parties, constitutional provisions, or enabling legislation.

Assigned – Assigned fund balances are amounts that are constrained by the District’s intent to be used for specific purposes, but are neither restricted nor committed. Intent is expressed by an appointed body (e.g., a budget or finance committee) or official to which the Board of Trustees has delegated the authority to assign, modify, or rescind amounts to be used for specific purposes.

Unassigned – Unassigned fund balance is the residual classification for the General Fund. This classification represents the General Fund balance that has not been assigned to other funds, and that has not been restricted, committed, or assigned to specific purposes within the Town Fund. The Fund is maintained to provide the District with sufficient working capital and a margin of safety to address local and regional emergencies without borrowing.

The District permits funds to be expended in the following order: Restricted, Committed, Assigned, and Unassigned.

G. Cash and Cash Equivalents

Cash and cash equivalents consist of cash on hand, deposits in interest-bearing checking accounts, and certificates of deposits with original maturities of three months or less from the date of acquisition.

St. Charles Public Library District

NOTES TO FINANCIAL STATEMENTS

June 30, 2025

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

G. Cash and Cash Equivalents (Continued)

Investments with a maturity of one year or less when purchased and all non-negotiable certificates of deposit are stated at cost or amortized cost. Investments with a maturity greater than one year when purchased are reported at fair value.

Illinois revised statutes authorize the District to invest in securities guaranteed by the full faith and credit of the United States of America, interest-bearing savings accounts, certificates of deposit or any other investment constituting direct obligations of any bank as defined by the Illinois Banking Act, the State Treasurer's investment pool (authorized by ILCS 30, 235-2,e) and other permitted investments under paragraph 902, chapter 85 of the Statutes as amended by Public Act 86-426. Investments may only be made in banks that are insured by the Federal Deposit Insurance Corporation. Investments consist of certificates of deposit purchased through the Illinois Trust CD program, the Illinois Funds, and the Illinois Investors Institutional Trust.

Illinois Funds is an investment pool managed by the State of Illinois, Office of the Treasurer, which allows governments within the state to pool their funds for investment purposes. Illinois Funds is not registered with the SEC as an investment company but does operate in a manner consistent with Rule 2a7 of the Investment Company Act of 1940.

Illinois Investors Institutional Trust (IIIT) is a diversified, open-end, actively managed investment trust designed to address short-term cash investment needs of Illinois public investors managed by a Board of Trustees elected from the participating members. The IIIT offers two investment options: Illinois Portfolio (rated AAAM by Standard and Poor's) and Illinois TERM (rated AAAF by Fitch).

Illinois Funds and the Illinois Portfolio meet the criteria contained in GASB Statement No. 79, Certain Investment Pools and Pool Participants. This allows these investments and those local governments investing in these funds to measure its investment at amortized cost. The criteria contained in GASB Statement No. 79 address (1) how the pool interacts with participants, (2) requirements for portfolio maturity, quality, diversification and liquidity, and (3) calculation and requirements of a shadow price.

It is the policy of the District to invest its funds in a manner which will provide the highest investment return with the maximum security while meeting the daily cash flow demands of the District and conforming to all state and local statutes governing the investment of public funds, using the "prudent person" standard.

St. Charles Public Library District

NOTES TO FINANCIAL STATEMENTS

June 30, 2025

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

G. Cash and Cash Equivalents (Continued)

Investments with maturity greater than one year at time of purchase, if any, are stated at fair value. Non-negotiable certificates of deposit, if any, are reported at cost.

The District categorizes its fair value measurements within the fair value hierarchy established by GAAP. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; and Level 3 inputs are significant unobservable inputs. The District's investment advisor reports the fair value of the negotiable certificates of deposit at their par value at June 30, 2024.

H. Receivables

Receivables consist of property taxes, accounts receivable and interest receivable.

I. Compensated Absences

Effective July 1, 2024, the St. Charles Public Library District implemented Governmental Accounting Standards Board (GASB) Statement No. 101, Compensated Absences. This Statement provides guidance for the recognition and measurement of compensated absences, such as vacation, sick leave, and other similar benefits, using a unified model based on when the leave is earned and is likely to be used or paid.

GASB 101 replaces the previous guidance under GASB Statement No. 16 and introduces updated criteria for recognizing liabilities for compensated absences. Under the new standard, a liability is recognized when:

-The leave is attributable to services already rendered, and

-It is probable that the leave will result in a future outflow of resources (e.g., payment or use of leave).

The implementation of this standard did not result in a restatement of prior period balances. As such, no prior period adjustment was necessary.

The District has updated its accounting policies to align with the requirements of GASB 101, and all compensated absences are now recognized in accordance with the new standard.

The balance of Compensated Absences at June 30, 2025, is \$271,670.

St. Charles Public Library District
NOTES TO FINANCIAL STATEMENTS
June 30, 2025

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

J. Capital Assets

In government-wide financial statements, fixed assets are accounted for as capital assets. All fixed assets that exceed a capitalization threshold are capitalized and valued at historical cost or estimated historical cost if actual is unavailable, except for donated fixed assets that are recorded at their acquisition value at the date of donation. The District capitalizes assets purchased or acquired with an original cost of \$2,500 or greater (except for building improvements which is cost in excess of \$10,000). Depreciation of all exhaustible fixed assets is recorded as an allocation in the Statement of Activities, with accumulated depreciation reflected in the Statement of Net Position. Depreciation is provided over estimated useful lives using the straight-line method of depreciation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend the life of an asset are not capitalized.

Buildings and improvements and furniture and equipment of the District are depreciated using the straight-line method over the following estimated useful lives:

Building and Improvements	10-50 years
Furniture and Equipment	7-40 years

In the fund financial statements, fixed assets are accounted for as capital outlay expenditures upon acquisition. No depreciation is recorded in the fund financial statements.

K. Long-term Debt

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities. In the government-wide financial statements, debt principal payments of government activities are reported as decreases in the balance of the liability on the Statement of Net Position. In the fund financial statements, however, debt principal payments of governmental fund are recognized when paid.

St. Charles Public Library District

NOTES TO FINANCIAL STATEMENTS

June 30, 2025

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

L. Deferred Outflows / Inflows of Resources

In addition to assets, the Statement of Net Position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net assets that applies to a future period(s) and so will be recognized as an outflow of resources (expense/expenditure) until then. The net deferred outflows of resources for IMRF and Other Post Employment Benefits will be recognized in future expense.

In addition to liabilities, the Statement of Net Position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net assets that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The governmental funds report unavailable revenues from property taxes and are reported in the Governmental Funds Balance Sheet.

M. Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles require management to make estimates and assumptions that affect certain amounts and disclosures. Accordingly, actual results could differ from those estimates.

N. Prepaid Expenses

Payments made to vendors for services that will benefit periods beyond the date of this report are recorded as prepaid items/expenses and are accounted for on the consumption method.

O. Program Revenues

Amounts reported as program revenues include 1) Services provided and fees and 2) Grants and contributions that are restricted to meeting the operational or capital requirements of a particular function. All taxes, including those dedicated for specific purposes, are reported as general revenues rather as program revenues.

P. Interfund Transactions

Interfund services are accounted for as revenues, expenditures or expenses. Transactions that constitute reimbursements to a fund for expenditures/expenses initially made from it that are properly applicable to another fund, are recorded as expenditures/expenses in the reimbursing fund and as reductions of expenditures/expenses in the fund that is reimbursed.

All other interfund transactions, except interfund services and reimbursements, are reported as transfers.

St. Charles Public Library District

NOTES TO FINANCIAL STATEMENTS

June 30, 2025

NOTE 2 - DEPOSITS WITH FINANCIAL INSTITUTIONS AND INVESTMENTS

Deposits and Investments

The District maintains a cash and investment pool that is available for use by all funds. Each fund's portion of this pool is displayed on the financial statements as "cash and investments." In addition, investments are separately held by several of the District's funds.

Deposits – At year end, the carrying amount of the District's deposits was \$741,314, and the bank balance was \$781,771. The entire bank balance was covered by federal depository insurance, collateral with securities held by the pledging financial institution's agent in the District's name, or a letter of credit.

Investments – The District invests in the Illinois Funds. The monies invested by individual participants are pooled together and invested in U.S. Treasury bills, and notes backed by the full faith and credit of the U.S. Treasury. In addition, monies are invested in fully collateralized time deposits in Illinois financial institutions, in collateralized repurchase agreements, and in Treasury mutual funds that invest in U.S. Treasury obligations and collateralized repurchase agreements. The funds are readily available to the District in demand which thereby reduces interest rate risk to a negligible level. The carrying amount of deposits in the Illinois Funds at June 30, 2025, was \$914,080.

The District invests in the Illinois Investors Institutional Trust (IIIT). Funds with IIIT are invested in one of three investment options; certificates of deposit purchased through the Illinois Trust CD program, the Illinois Portfolio or Illinois Term. The balance in the Illinois Portfolio consists of a money market account and negotiable certificates of deposit. The Illinois TERM is a fixed rate investment consisting of investments in highly rated securities, including United States Treasury and Agency securities certificates of deposit, municipal obligations, repurchase agreements and government money market funds, with terms from 60 days to one year designed to match cash flows requirements of investors.

Investments at June 30, 2025, consisted of the following:

Type of Investment	Fair Value	Less than One Year
CDs	\$ 3,405,000	\$ 3,405,000
Money Market	3,485,710	3,485,710
Illinois Funds	914,080	914,080
Total	<u>\$ 7,804,790</u>	<u>\$ 7,804,790</u>

St. Charles Public Library District

NOTES TO FINANCIAL STATEMENTS

June 30, 2025

NOTE 2 - DEPOSITS WITH FINANCIAL INSTITUTIONS AND INVESTMENTS (CONTINUED)

Interest Rate Risk – This is the risk that changes in the market interest rates will adversely affect the fair value of an investment; generally, the longer the maturity of an investment, the greater the sensitivity of its fair value to changes in market interest rates. The District’s investment policy addresses interest rate risk by requiring the investment portfolio to remain sufficiently liquid to meet operating requirements.

Credit Risk – Generally, credit risk is the risk that an issuer of a debt-type instrument will not fulfill its obligation to the holder of the investment. This is measured by assignment of a rating by a nationally recognized rating organization. The District has no investment subject to credit risk.

Custodial Credit Risk – For deposits, this is the risk that, in the event of a bank failure, a government will not be able to recover its deposits. The District’s investment policy requires pledging of collateral for all amounts in excess of FDIC limits, at an amount not less than 110% of the fair value of the funds secured, with collateral held by an independent third-party depository in the name of the District.

NOTE 3 - CAPITAL ASSETS

Capital asset activity for the year ended June 30, 2025 was as follows:

	Balance July 1, 2024	Increases	Disposals	Balance June 30, 2025
Capital Assets, not Being Depreciated				
Land	\$ 3,687,602	\$ -	\$ -	\$ 3,687,602
Total Capital Assets, not Being Depreciated	3,687,602	-	-	3,687,602
Capital Assets, Being Depreciated				
Building and Improvements	24,378,862	71,455	-	24,450,317
Furniture and Equipment	2,781,578	13,155	-	2,794,733

St. Charles Public Library District

NOTES TO FINANCIAL STATEMENTS

June 30, 2025

NOTE 4- PROPERTY TAXES

The property tax lien date is January 1. Property taxes are due to the County Collector in two installments, June 1 and September 1. Property taxes for 2023 are normally received monthly beginning in June and generally ending by November 2023. The 2024 levy was adopted in November 2024 and is recorded as a receivable at June 30 less collections to date and recorded as deferred/unavailable revenue since it is intended to finance the subsequent fiscal year. The 2024 tax levy, which attached as an enforceable lien on property as of January 1, 2025, has not been recorded as a receivable as of June 30, 2025, as the tax has not yet been levied by the District and will not be levied until November 2025 and, therefore, the levy is not measurable at June 30, 2025.

NOTE 5 - DEBT CERTIFICATE

In May 2019, \$4,835,000 General Obligation Debt Certificates (Limited Tax) Series 2019, were issued by the District for capital improvements to the library. These debt certificates are dated May 28, 2019, bearing interest bonds at 2.10% to 4.00% and maturing at November 1, 2030.

	Beginning Balance	Issuances	Retirements	Ending Balance
Debt Certificate of \$4,835,000, at variable interest rates through May 2029.	\$ 3,075,000	\$ -	\$ (390,000)	\$ 2,685,000

The annual debt service requirements to maturity, including principal and interest are as follows:

Fiscal Year	Principal	Interest	Total
2026	\$ 405,000	\$ 93,975	\$ 498,975
2027	420,000	77,900	497,900
2028	440,000	60,700	500,700
2029	455,000	42,800	497,800
2030	475,000	24,200	499,200
Thereafter	490,000	7,350	497,350
Total	\$ 2,685,000	\$ 306,925	\$ 2,991,925

NOTES TO FINANCIAL STATEMENTS

June 30, 2025

NOTE 6 - NON-CURRENT LIABILITIES

The following is a summary of the components of long-term debt for the year ended June 30, 2025:

Governmental Activity	Balance at July 1, 2024	Increases	Decreases	Balance at June 30, 2025
Net Pension Liability - IMRF	\$ 2,998,448	\$ 19,952	\$ -	\$ 3,018,400
Net OPEB Liability	102,240	4,243	-	106,483
Debt Certificate	3,075,000	-	(390,000)	2,685,000
Premium on Debt Certificate	134,727		(19,247)	115,480
Compensated Absences	209,364	271,670	(209,364)	271,670
Total	<u>\$ 6,519,779</u>	<u>\$ 295,865</u>	<u>\$ (618,611)</u>	<u>\$ 6,197,033</u>

The above liabilities are being repaid from the General Fund. Amounts due within the next year are as follows:

Debt Certificate	\$ 405,000
Premium on Debt Certificate	19,247
Compensated Absences	271,670
Total	<u>\$ 695,917</u>

Legal Debt Margin

At June 30, 2025, the legal debt margin for the District was limited to 2.875% of the most recent assessed valuation available, which was from the 2024 tax levy. Based on an assessed valuation of \$3,300,467,812, the debt limit was \$94,888,450. The remaining legal debt margin was \$92,203,450.

NOTE 7 - INTERFUND TRANSFERS

The Board approved transfers from the General Fund to the Special Reserve Fund in the amount \$567,986.

St. Charles Public Library District

NOTES TO FINANCIAL STATEMENTS

June 30, 2025

NOTE 8 - RISK MANAGEMENT

The District is exposed to various risks of loss including, but not limited to, employee health, general liability, property casualty, workers' compensation, and public officials' liability. To limit exposure to these risks, the District participates in the System Libraries Insurance Cooperative (SLIC), a public entity risk pool with the transfer of risk. The District is liable for up to \$10,000 per occurrence deductible for each claim with SLIC liable for the remainder up to certain limits. The District's policy is to record any related expenditures in the year in which they are notified of any additional assessments. The District is not aware of any additional assessments owed as of June 30, 2025. The District also pays premiums to a third-party insurance carrier for employee medical insurance. Settled claims have not exceeded insurance coverages in the fiscal year or prior two fiscal years.

NOTE 9 - JOINTLY GOVERNED ORGANIZATIONS

The District is a member of the System Wide Automated Network (SWAN). SWAN is a consortium of 105 libraries throughout northern Illinois. SWAN's Board of Directors consists of seven elected Directors from within the consortium. The Board of Directors is the governing body of SWAN and is responsible for establishing all major policies and changes therein. The District does not exercise any direct oversight over SWAN or have an equity interest in SWAN.

NOTE 10 - EMPLOYEE RETIREMENT SYSTEM - IMRF

Plan Description

The District's defined benefit pension plan for regular employees provides retirement and disability benefits, post-retirement increases, and death benefits to plan members and their beneficiaries. The District's plan is managed by the Illinois Municipal Retirement Fund (IMRF), the administrator of an agent multiple employer public pension fund. A summary of IMRF's pension benefits is provided in the "Benefits Provided" section of this document. Details of all benefits are available from IMRF. Benefit provisions are established by statute and may only be changed by the General Assembly of the State of Illinois. IMRF issues a publicly available Annual Comprehensive Financial Report that includes financial statements, detailed information about the pension plan's fiduciary net position, and required supplementary information. The report is available for download at www.imrf.org.

Benefits Provided

IMRF has three benefit plans. The vast majority of IMRF members participate in the Regular Plan (RP). The Sheriff's Law Enforcement Personnel (SLEP) plan is for sheriffs, deputy sheriffs, and selected police chiefs. Counties could adopt the Elected County Official (ECO) plan for officials elected prior to August 8, 2011 (the ECO plan was closed to new participants after that date).

St. Charles Public Library District

NOTES TO FINANCIAL STATEMENTS

June 30, 2025

NOTE 10 - EMPLOYEE RETIREMENT SYSTEM - IMRF (CONTINUED)

All three IMRF benefit plans have two tiers. Employees hired before January 1, 2011, are eligible for Tier 1 benefits. Tier 1 employees are vested for pension benefits when they have at least eight years of qualifying service credit. Tier 1 employees who retire at age 55 (at reduced benefits) or after age 60 (at full benefits) with eight years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1-2/3% of the final rate of earnings for the first 15 years of service credit, plus 2% for each year of service credit after 15 years to a maximum of 75% of their final rate of earnings. Final rate of earnings is the highest total earnings during any consecutive 48 months within the last 10 years of service, divided by 48. Under Tier 1, the pension is increased by 3% of the original amount on January 1 every year after retirement.

Employees hired on or after January 1, 2011, are eligible for Tier 2 benefits. For Tier 2 employees, pension benefits vest after ten years of service. Participating employees who retire at age 62 (at reduced benefits) or after age 67 (at full benefits) with ten years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1-2/3% of the final rate of earnings for the first 15 years of service credit, plus 2% for each year of service credit after 15 years to a maximum of 75% of their final rate of earnings. Final rate of earnings is the highest total earnings during any 96 consecutive months within the last 10 years of service, divided by 96. Under Tier 2, the pension is increased on January 1 every year after retirement, upon reaching age 67, by the lesser of:

- 3% of the original pension amount, or
- 1/2 of the increase in the Consumer Price Index of the original pension amount.

Employees Covered by Benefit Terms

As of December 31, 2024, the following employees were covered by the benefit terms:

	2024
Inactive plan members and beneficiaries currently receiving benefits	97
Inactive plan members entitled to, but not yet receiving benefits	56
Active plan members	71
Total	224

St. Charles Public Library District

NOTES TO FINANCIAL STATEMENTS

June 30, 2025

NOTE 10 - EMPLOYEE RETIREMENT SYSTEM - IMRF (CONTINUED)

Contributions

As set by statute, the District's Regular Plan Members are required to contribute 4.5% of their annual covered salary. The statute requires employers to contribute the amount necessary, in addition to member contributions, to finance the retirement coverage of its own employees. The District's annual contribution rate for calendar year 2024 and 2025 was 11.45% and 11.50%, respectively. For the fiscal year ended June 30, 2025, the District contributed \$480,046 to the plan. The District also contributes for disability benefits, death benefits, and supplemental retirement benefits, all of which are pooled at the IMRF level. Contribution rates for disability and death benefits are set by IMRF's Board of Trustees, while the supplemental retirement benefits rate is set by statute.

Net Pension Asset/Liability

The District's net pension (asset)/liability was measured as of December 31, 2024. The total pension liability used to calculate the net pension (asset)/liability was determined by an actuarial valuation as of that date. The amount is included in the Prepaids/Accrued Expense on the Statement of Fiduciary Net Position.

Actuarial Assumptions

The following are the methods and assumptions used to determine total pension liability at December 31, 2024:

The *Actuarial Cost Method* used was Entry Age Normal.

The *Asset Valuation Method* used was Fair Value of Assets.

The *Inflation Rate* was assumed to be 2.25%.

Salary Increases were expected to be 2.85 to 13.75%.

The *Investment Rate of Return* was assumed to be 7.25%.

Projected Retirement Age was from the experience-based table of rates, specific to the type of eligibility condition. Last updated for the 2023 valuation pursuant to an experience study of the period 2020-2022.

The *Mortality* for non-disabled retirees, the Pub-2010, Amount-Weighted, below-median income, General, Retiree, Male (adjusted 108%) and Female (adjusted 106.4%) tables, and future mortality improvements projected using scale MP-2021. For disabled retirees, the Pub-2010, Amount-Weighted, below-median income, General, Disabled Retiree, Male and Female (both unadjusted) tables, and future mortality improvements projected using scale MP-2021. For active members, the Pub-2010, Amount-Weighted, below-median income, General, Employee, Male and Female (both unadjusted) tables, and future mortality improvements projected using scale MP-2021.

St. Charles Public Library District

NOTES TO FINANCIAL STATEMENTS

June 30, 2025

NOTE 10 - EMPLOYEE RETIREMENT SYSTEM - IMRF (CONTINUED)

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense, and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return to the target asset allocation percentage and adding expected inflation. The target allocation and best estimates of geometric real rates of return for each major asset class are summarized in the following table as of December 31, 2024:

Asset Class	Target	Long-Term Expected Real Rate of Return
Domestic Equities	33.50%	4.35%
International Equities	18.00%	5.40%
Fixed Income	24.50%	5.20%
Real Estate	10.50%	6.40%
Alternative Investments	12.50%	4.85%-6.25%
Cash and Cash Equivalents	1.00%	3.60%
Total	100.00%	

Single Discount Rate

A Single Discount Rate of 7.25% was used to measure the total pension liability as of December 31, 2024. The projection of cash flow used to determine this Single Discount Rate assumed that the plan members' contributions will be made at the current contribution rate, and that employer contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability. The Single Discount Rate reflects:

1. The long-term expected rate of return on pension plan investments (during the period in which the fiduciary net position is projected to be sufficient to pay benefits), and
2. The tax-exempt municipal bond rate based on an index of 20-year general obligation bonds with an average AA credit rating (which is published by the Federal Reserve) as of the measurement date (to the extent that the contributions for use with the long-term expected rate of return are not met).

St. Charles Public Library District

NOTES TO FINANCIAL STATEMENTS

June 30, 2025

NOTE 10 - EMPLOYEE RETIREMENT SYSTEM - IMRF (CONTINUED)

For the purpose of the most recent valuation, the expected rate of return on plan investments is 7.25%, the municipal bond rate is 4.08%, and the resulting single discount rate is 7.25%.

2029	-
Thereafter	-
Total	<u>\$ 827,446</u>

NOTE 11 - OTHER POST-EMPLOYMENT BENEFITS

Plan Description

The District provides post-employment health care and life insurance benefits (OPEB) for its eligible retired employees through a single employer defined benefit plan. The benefits, benefit levels, employee contributions and employer contributions are governed by the District and can be amended by the District through its personnel manual. The plan is not accounted for as a trust fund as an irrevocable trust has not been established to account for the plan. The plan does not issue a separate report. The activity of the plan is reported in the District's General Fund. To be eligible for benefits, an employee must qualify for retirement through the Illinois Municipal Retirement Fund.

All health care benefits are provided through the District's health plan. The benefit levels are the same as those afforded to active employees. Upon a retiree reaching 65 years of age, Medicare becomes the primary insurer, and the retiree is no longer eligible to participate in the plan, but can purchase a Medicare supplement plan from the District's insurance provider. All retirees contribute 100% of the actuarially determined premium to the plan. At June 30, 2025, membership consisted of:

Retirees and beneficiaries currently receiving benefits and
terminated employees entitled to benefits, but not yet receiving
them
Active plan members

Total

5
66
<u>71</u>

St. Charles Public Library District
NOTES TO FINANCIAL STATEMENTS
June 30, 2025

NOTE 11 - OTHER POST-EMPLOYMENT BENEFITS (CONTINUED)

Funding Policy

Retirees and dependents may continue coverage under the District's group health program by contributing a monthly premium. They may participate in any plans offered to active employees. Retirees and dependents are required to pay 100% of the blended average employee cost. Premiums are the same for active and retired employees. The District pays the difference between the actuarial cost of the health coverage for retirees and the employee group cost. There is no formal funding policy that exists for the OPEB plan as the total OPEB liabilities are currently an unfunded obligation.

Net OPEB Liability

The District's total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation as of July 1, 2024.

Net OPEB Liability	\$ 106,483
--------------------	------------

Retiree Lapse Rates

The assumed lapse rate is 0%

Election at Retirement

10% of active employees are assumed to elect coverage at retirement.

Marital Status

50% of active employees are assumed to be married and elect spousal coverage upon retirement.

Actuarial Valuation and Assumptions

The total OPEB liability was determined by an actuarial valuation using the Alternative Measurement Method as detailed in GASB Statement 75, as of July 1, 2024. The following actuarial assumptions were applied to all periods included in the measurement, unless otherwise specified:

Actuarial Cost Method	Entry Age Normal
Salary Increases	4.00%
Discount Rate	4.81%
Inflation Rate	3.00%

St. Charles Public Library District

NOTES TO FINANCIAL STATEMENTS

June 30, 2025

NOTE 11 - OTHER POST-EMPLOYMENT BENEFITS (CONTINUED)

The health care trend rate is 7.50 percent for the PPO Plan for fiscal years 2024-2025, then decreasing over time to an ultimate rate of 4.50 percent for both plans by fiscal year 2039. The mortality rates were based on the PubG.H-2010 Mortality Table – General with mortality improvement using scale MP-2020.

Discount Rate

The discount rate used to measure the total OPEB liability is based on the ability of the fund to meet benefit obligations in the future. Because the Village does not have a dedicated trust to pay retiree healthcare benefits, the discount rate used should be a yield or index rate for 20-year, tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher. A discount rate of 4.81% is used, which is the S&P Municipal Bond 20 Year High-Grade Rate Index as of June 30, 2025.

Changes in the Net OPEB Liability

St. Charles Public Library District
NOTES TO REQUIRED SUPPLEMENTARY INFORMATION
June 30, 2025

NOTE 1 - LEGAL COMPLIANCE AND ACCOUNTABILITY

A. Budgetary Process

The District follows these procedures in establishing the budget data reflected in the required supplementary information.

1. The Board of Trustees prepares a Combined Annual Budget and Appropriation Ordinance by fund, function, and activity.
2. Public hearings are conducted to obtain taxpayer comments.
3. The appropriation is legally enacted through passage of an ordinance.
4. The appropriation may be amended by the Board of Trustees. No amendments were made during the year.
5. Appropriations are adopted on the modified accrual basis.
6. The level of control (level at which expenditures/expenses may not exceed appropriations) is the Fund.

All appropriations lapse at year end.
